

Asylum statistics for the North East- as at December 2007

Produced by the “North of England Refugee Service” (NERS) & the “North East Strategic Migration Partnership” (NESMP).

This publication includes data for the 4th Quarter (Q4) of 2007, relating to October to December 2007.

It includes the most recently available information from regional, national and some European statistics on the number of asylum seekers and their circumstances. Please note that not all the information relates to the same period largely due to the different publication dates of the source material.

Supported Asylum Seekers in the Region – including dependants

Asylum seekers supported by the local authorities

- In the North East there are 11 different Local Authorities where the majority of asylum seekers are accommodated. The Chart below shows individual asylum seekers supported in NASS accommodation.

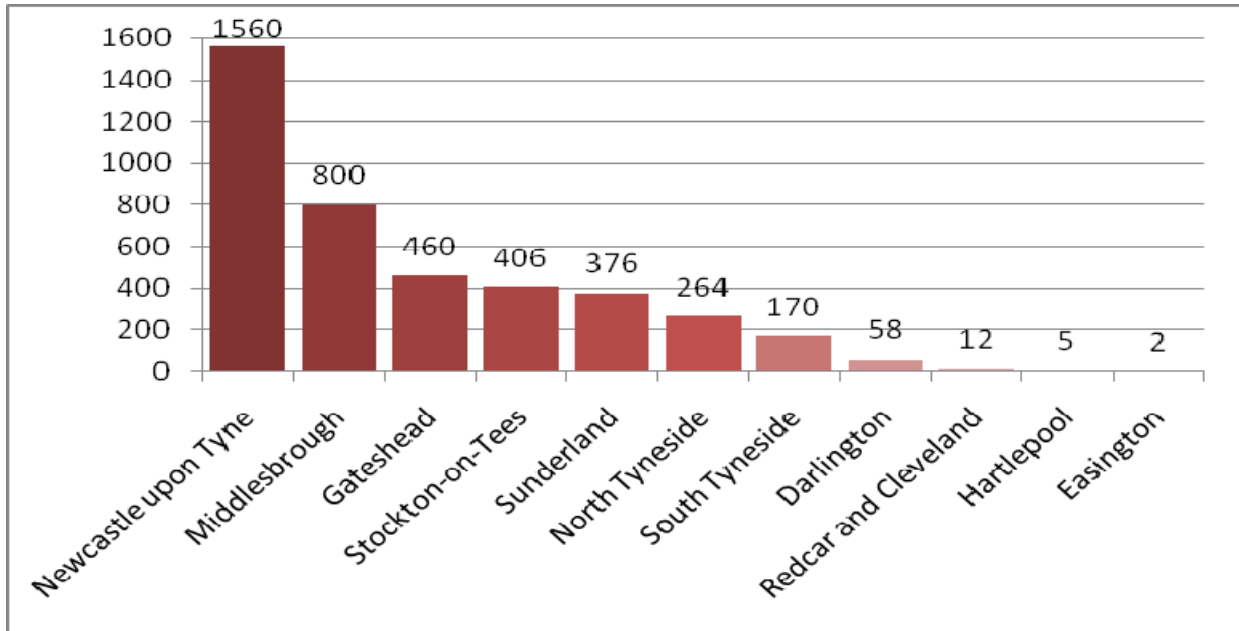

Figure 1

Subsistence Only (SO) supported Asylum seekers

There are 39* (45 using Home office figures)¹ asylum seekers in the **North East** who are not in NASS accommodation and receive only subsistence (cash) support from NASS. In total there are 8,900 (Home office figures) clients getting only subsistence support throughout the country. The North East had 0.51% of this number². 6,150 (69.1%) of all asylum seekers in receipt of subsistence only support were located in London.

Figure 2

The table opposite shows by Local Authorities the number of individual asylum seekers in receipt of subsistence only support from NASS in the North East: This is taken from the figures provided by NESMP and NESPARS.

Nationality of Supported Asylum Seekers in Region – including dependants

Top ten Nationalities in the North East

The totals below represent the number of asylum seekers residing in NASS accommodation at the end of December 2007⁴ or in receipt of subsistence only support.

As at end December 2007:

- There were 75 different known Nationalities in the North East at the end of December 2007*

The top 20 nationalities in the North East region at the end of December 2007 are shown below:

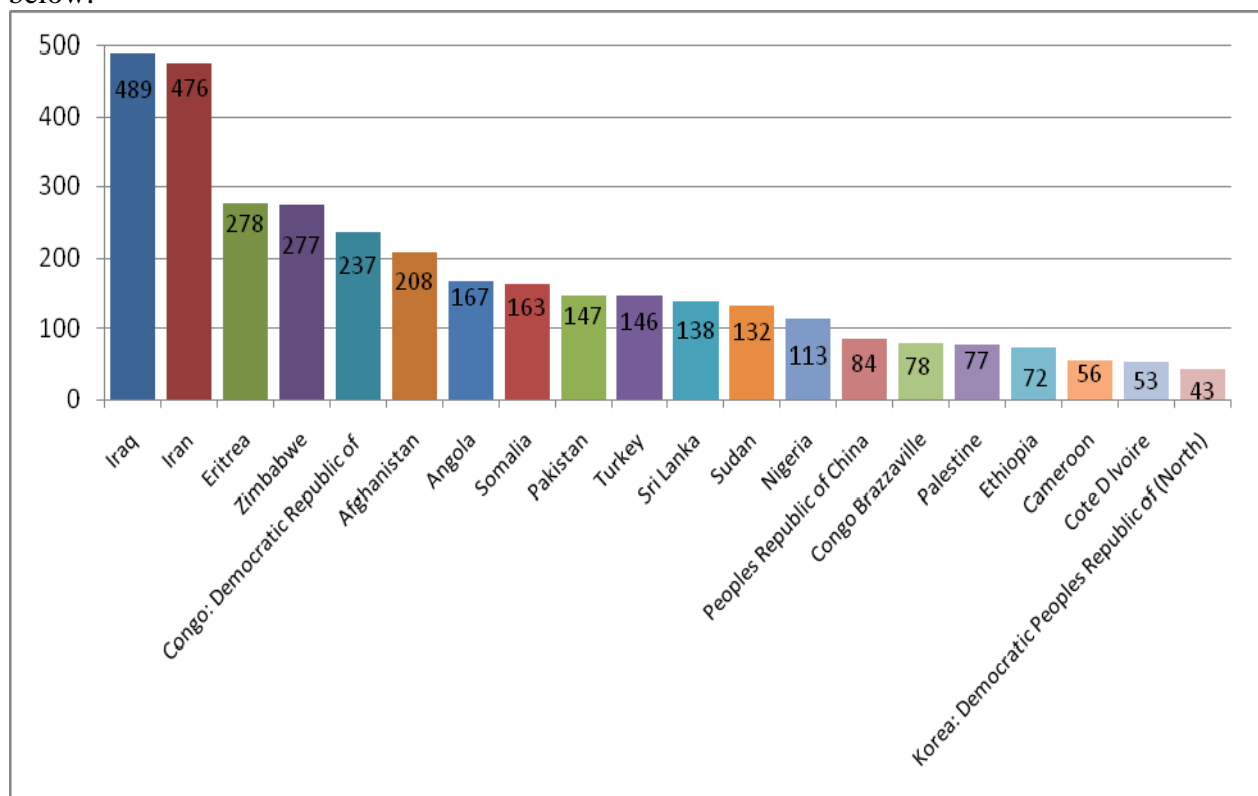

Figure 4

- *6 clients' nationalities are listed as unknown these are not counted in the 75. 1 Client is listed as Stateless under article 1 of the 1954 Convention. These are included in the 74, also included are 24 people from Kosovo and one from the "Western Sahara" (see notes below).
- Nationalities are Nationalities of political national entities (countries) recognised by the UK (plus Kosovo which has special UN status, but is still constitutionally a part of Serbia and at the time the data was collected had not declared independence to the international community). It also includes one from the "Western Sahara" which is on a United Nations list of non self governing territories but is considered by many member states to be a part of Morocco and is a disputed area. It does not represent ethnic groups or autonomous/disputed nationalities within recognised political entities (with the exception of Kosovo and "Western Sahara").

⁴ Data taken on 7th January 2008.

Supported Asylum Seekers by Region – including dependants

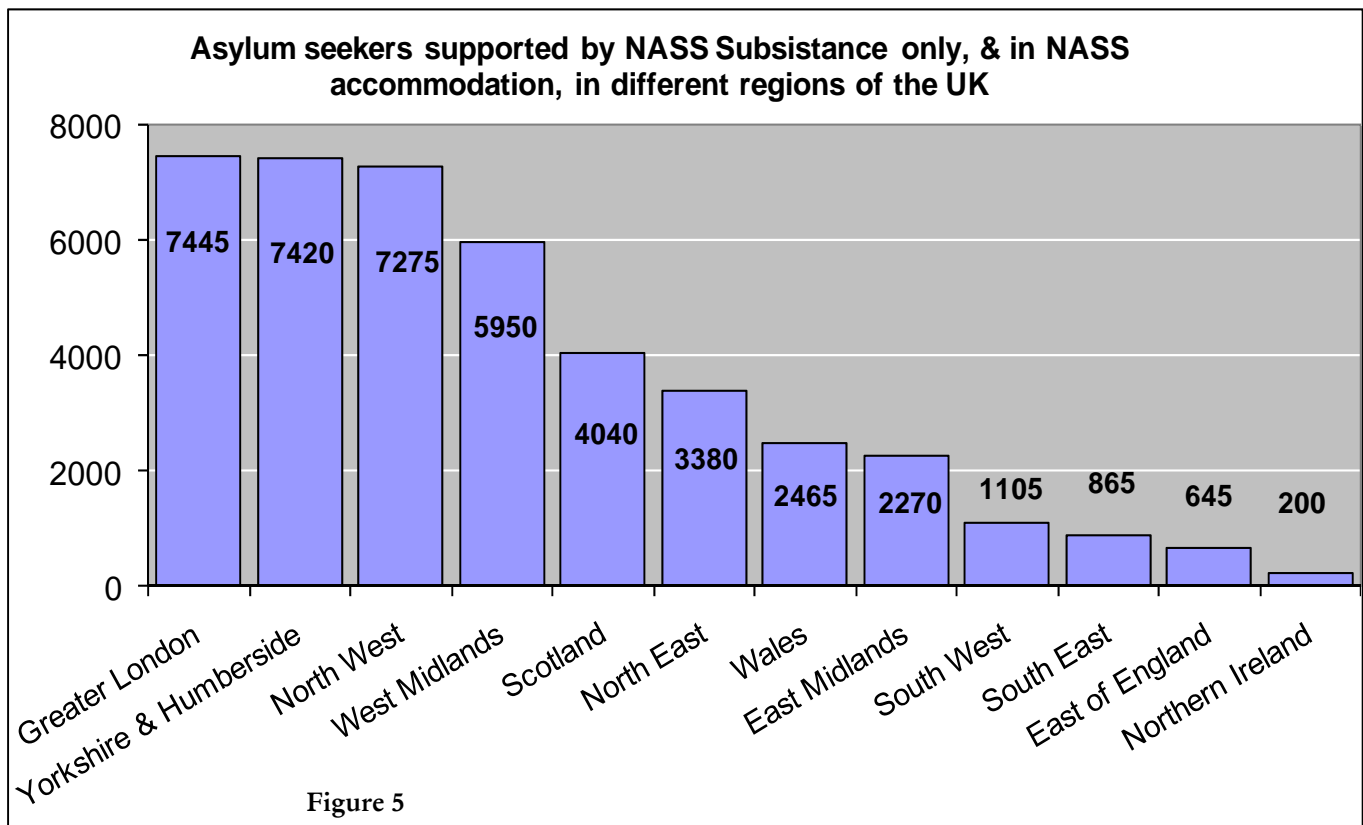

Asylum seekers in different regions of the UK

The totals below represent the numbers of asylum seekers who are currently in NASS accommodation or are in receipt of subsistence (cash) only support. They reflect the numbers of new applicants granted support and exclude applications for those for whom support has ceased. These figures do not include asylum seekers who are not supported by NASS.

As at the end of December 2007:

- **8,900** asylum seekers were receiving subsistence only support.
- **34,150** asylum seekers were supported in NASS accommodation⁵.
- **1,440** asylum seekers were supported in initial accommodation
- Thus a total **44,495** asylum seekers were in receipt of NASS support as at the end of Q4 of 2007 which is **8.2%** lower than the previous quarter (September-07 = 48,470).

The chart below shows the number of asylum seekers supported by NASS Subsistence only, and by accommodation and subsistence, in different regions of the UK as at the end of December 2007.

- ♦ The regions with the highest populations of asylum seekers supported by NASS in order of numbers were: Greater London (17.29%), Yorkshire and Humberside (17.23%), North West (16.90%), West Midlands (13.82%), Scotland (9.38%), the **North East** is in sixth place with **7.85%** of all the asylum seekers supported by NASS in the UK.

⁵ Due to Home office rounding of figures in the Home Office report there is a published total of 44,160 and the breakdown of those figures in "Figure 6" adding up to 44,150 means there is a discrepancy of 10, this is due to rounding of totals in the Home office published figures.

- Below is a table showing the number of asylum seekers in receipt of subsistence only support and clients in NASS accommodation by region:

Government Office Region (GOR)	In receipt of Subsistence only support	Supported in NASS accommodation
Greater London	6,150	1,295
Yorkshire and Humberside	325	7,095
North West	560	6,715
West Midlands	475	5,475
Scotland	130	3,910
North East*	45	3,335
Wales	65	2,205
East Midlands	330	2,135
South West	95	1,010
South East	435	430
East of England	295	350
Northern Ireland	5	195

Figure 6

- *Taken from the Home office report and not NASS monthly figures.

(The 694 discrepancy between those supported in NASS accommodation in the North East provided by NASS earlier in this report and the Home office figures in Figure 6 is in part due to the Home office rounding of figures, and in part due to the different days the “snapshots” of those in accommodation. The different dates and rounding of figures also explains the discrepancy of 6 from the Home Office figure 45, and NASS figure 31).

Asylum applications – National

Number of applications for the past 12 quarters

- Applications: 6,910 this is 5.09% higher than previous quarter (5,890)

Applications for asylum (excluding dependants) in the UK increased by 5.09% in Q4 2007 to 6,910 from in Q3 2007 (5,890), in that quarter it had increased by 18.99% from the previous quarter, and is +20.7% more than Q4 2006 (5,725).

Including dependants the number of applications to the UK increased by +14.81% in Q4 2007 (8,140) from Q3 2007 (7,090).

The Chart below shows the number of applications by primary applicants not including dependants for the past 12 quarters (since Q1 2005):

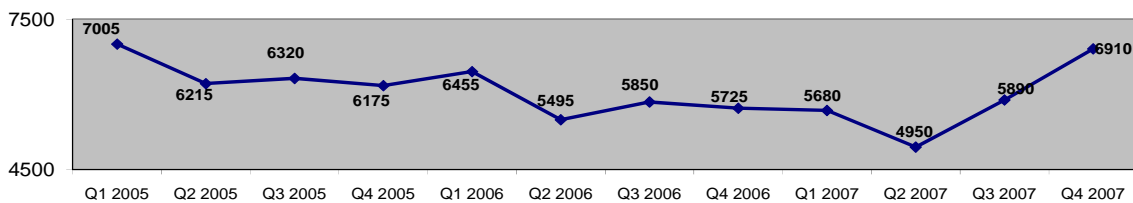

Figure 7⁶

The top ten nationalities applying for asylum in Q4 of 2007

The largest nationality applying for asylum in Q4 of 2007 was Iraq with 725 applications up from being the 3rd largest point of origin in Q3 by 36.79%. The Peoples Republic of China which was the largest point of origin for asylum seekers in Q3 was down to the sixth largest in Q4, down 28.78% from 645 to 495. Below shows the top 10 nationalities applying for asylum in the UK in Q3 2007:

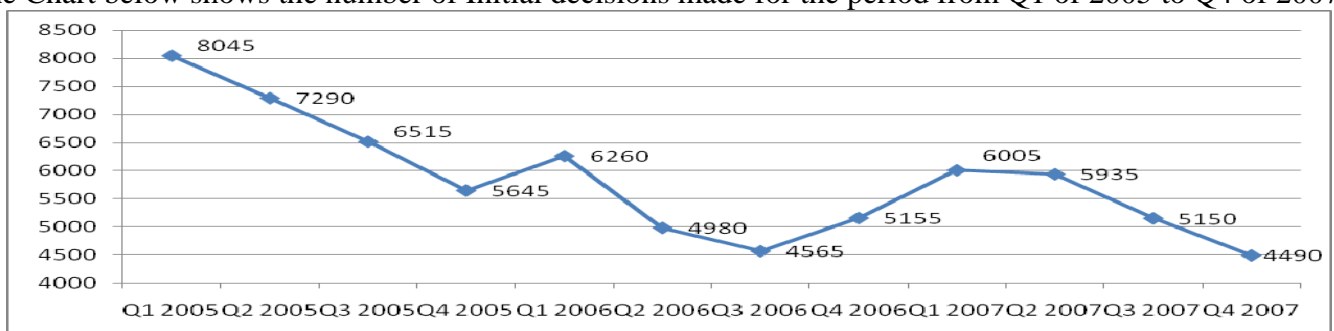

Figure 12

Timeliness of Initial Decisions

- 23% of applications received in Q4 had initial decisions reached and served within two months¹⁰, compared with 43% in Q3 and 57% in Q4 2006¹¹.

⁷ All figures on this page come from p3 and Table 1 Asylum Statistics: 4th Quarter 2007 United Kingdom except for timelines of initial decisions.

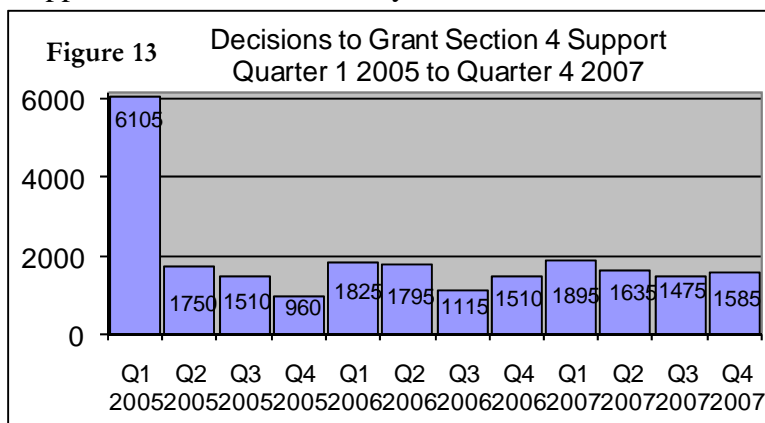

⁸ In the Q3 report this figure was reported as 5,230.

⁹ Due to home office rounding this totals 4465 not 4490.

¹⁰ "Two Months" is defined as 61 days.

Support under section 4 ('Hard Case') of the Immigration and Asylum Act 1999 is provided in the form of accommodation and food, and other basic essential items. Individuals are generally eligible for section 4 support if their asylum application has been finally determined as refused, but they are destitute and there are reasons that temporarily prevent them from leaving the United Kingdom. These reasons are:

- Taking reasonable steps to leave the UK or place themselves in a position in which they can leave the UK; or
 - unable to leave UK by reason of a physical impediment to travel or some medical reason; or
 - unable to leave UK because there is no current viable route of return to the country of origin; or
 - taking reasonable steps to leave the UK or place themselves in a position in which they can leave the UK; or
 - permission has been obtained to proceed with a judicial review against a decision relating to the person's asylum claim; or the provision of support is otherwise necessary to avoid a breach of the person's human rights.
- The number of successful applications for section 4 support in Q4 2007 was (1,585) **+7.46%** higher than in Q3 2007 (1,475).
 - Nationals of Iraq accounted for the highest number of failed asylum seekers in receipt of section 4 support, 2,955 (32% of those supported). This is a trend that began in quarter 3 2006.
 - As at the end of Q4 (end of December 2007) 9,500 excluding dependants, were in receipt of section 4('Hard Case') support, 1.54% higher than at the end of Q3 (June) (9,365).

Asylum appeals - National

On 4 April 2005, the commencement of section 26 of *The Asylum and Immigration (Treatment of Claimants, etc.) Act 2004* introduced the appeals system under the Asylum and Immigration Tribunal (AIT). All outstanding work from the Immigration Appellate Authority has been transferred to an equivalent appeal stage within the AIT, in line with transitional provisions. Data on determinations refer to cases dealt with by Immigration Judges. All appeals figures are provisional and subject to change.

Appeals received

- ◆ Appeals received by AIT in Q4: 2,610, this is **-29.84%** lower than previous quarter (3,720)

Appeals determined

- Appeals determined decreased in Q4 by **-23.32%** to 3,140 from 4,095 in Q3, and was 4.99% higher than in Q4 2006 (3,305).
- The proportion of appeals dismissed was 70% in Q4 in Q3 this figure was 73%, whilst 25% of appeals were allowed, the figure in Q2 and Q3 was 23%.
- The total asylum work in progress at the AIT at the end of Q4 (December) 2007 was 4,00 in Q2 and Q3 of 2007 this figure was 5,000.

Appeals determined by Immigration (IAA/AIT)

The Chart below shows the number of appeals determined by the Asylum and Immigration Tribunal (AIT), formerly called Immigration Appellate Authority (IAA) Adjudicators

Asylum Levels in industrialized Countries 2007

This section is based on monthly asylum application data received from national asylum authorities in Europe, North America, Australia, New Zealand and Japan. The reports used to contain data from the 36 most industrialised countries but for 2007 this has been expanded to 43 industrialized countries are providing monthly statistics to UNHCR some industrialised countries such as Italy do not provide data on a monthly basis but on an annual basis, annual trends are taken from the top 51 countries.

- The number of asylum requests submitted in the 51 **industrialized countries** declined on a year on year basis since 2001, in the second half of 2006 it began to rise again, in the first half of 2007 it fell again and then in the second half it rose again by 8% to 162,500.
- 162,500 new asylum requests made during the Second half of 2007 (July-December). This is a decrease of 7.36% compared to the first half of 2007 (January-June) when the total was 150,500.
- In **Europe**, 63,548 new asylum applications were submitted during Quarter 4 2007, **+11.82%** higher than during Q3 2007 (56,830) and a **+7.4%** increase from Quarter 4 2006 (59,170). The 26 countries of the **European Union (EU)** covered by this report registered 57,509 new asylum applications submitted a **+12.73%** increase on Quarter 3 2007 (51,017). Compared to Quarter 4 2006 this was an increase of **+6.11%** (54,195). In 2007 **Greece** changed from the 9th largest recipient of asylum claims to the 6th, this was in part due to new arrivals from Iraq and part due to changes in procedures to speed up the registration of those waiting to register an asylum claim and clearing a claims backlog. Due to the increasingly cleared backlog in earlier quarters in the 4th quarter asylum claims fell **-7.2%** from 5,456 to 5,063 after a peak of 7,446 in Q1 2007, in Q1 2006 this total was only 1,536. **Cyprus** has also received many new arrivals including from Iraq, and like **Greece** has implemented changes in its registration procedures clearing an existing backlog, in Q4 2007 this reached a high of 2,108, in Q4 2006 this total was 1,499 however in Q3 2006 there were only 960 asylum claims in **Cyprus**.
- **Japan** and the **Republic of Korea** together registered a record high of 1,500 new applications predominantly from individuals from Myanmar (Burma) and Nepal.
- During Quarter 4 2007, **Europe** received 73.96% (63,548) of all asylum applications submitted in the 43 industrialized countries which provide monthly data to the UNHCR in Quarter 3 it was 74.22 % (56,830). This meant the total number of claims increased by 11.82%. **North America** received 24.19% of the total for Quarter 4, **Australia** and **New Zealand** received **1.25%** whilst **Japan** and the **Republic of Korea** accounted for the remainder of the asylum requests (0.6%) in the industrialised countries.
- In Quarter 4 2007 the asylum applications for the twelve new EU Member states increased from Q3 to Q4 by 2007 by 39.38% from 6,007 to 9,909, in Q4 2006 the total was 44.33% lower at 5,516%.

Countries of asylum

- The **United States** has been the top asylum destination since Q3 2005. In 2007 the **United States** received 49,200 asylum claims which was 7,700 **(-5%)** less than in of 2006. The **United States** received 14.5% of all claims to the top 51 industrialised countries.

- **Sweden** was the second most common destination of asylum seekers in 2007 with 36,210 applications, followed by **France** with 29,150 and **Canada** with 28,340 claims.
- In the **United Kingdom**, the number of new asylum requests lodged during the fourth quarter of 2007 rose by **+14.81%** (to 8,140) Compared to the third quarter of 2007 (from 7,090) and by **+19.09%** compared to fourth quarter 2006 (6,835). In 2002 the UK was the main destination for asylum seekers in 2003 it was the second main destination. The **United Kingdom** now ranks the fifth largest asylum-seeker receiving country from the 51 industrialised countries falling from third 2006-2006 with 27,900 applications in 2007, followed by **Greece** (25,110) **Germany** (19,160), **Italy** (14,050) **Austria** (11,880) and **Belgium** (11,120).
- Out of the 43 Industrialised countries from Q3 2007 to Q4 2007, 27 countries experienced a rise in the number of new asylum claims lodged while 15 countries reported a fall, one country, **Montenegro**, had no change with no claims for asylum in quarters 3 or 4. Among those destination countries reporting larger percentage changes, those reporting increases in applications included **Éire (Republic of Ireland)** (+7%), **Estonia** (+100%), **Hungary** (+88%), **Republic of Korea** (+125%), **Poland** (+176%), **Japan** (+22%), & **Serbia** (+36%).
